

Niabi Zoo Members Please Note:

Thank you for your continued support of Niabi Zoo by maintaining a zoo membership with us. One of the many benefits of having a membership at Niabi Zoo is the ability to use your membership card for free or discounted admission at other Zoos and Aquariums institutions that participate in our Reciprocal Admissions Program. Please be aware, due to COVID-19 there have been admission restrictions placed on most zoos, aquariums and museums. For this reason, many institutions have chosen to, including us here at Niabi Zoo, to suspend their participation in the program for a certain amount of time or through the remainder of the year. We highly recommend you contact any institution prior to your visit to confirm their current participation status in the Reciprocal Program to avoid any confusion when you arrive.

Reciprocal Members Please Note:

Due to COVID-19, Niabi Zoo will not be honoring reciprocal membership visits through our Reciprocal Program for the remainder of 2020. We are limiting visiting hours and the number of guest we allow in so we are prioritizing our own Niabi Zoo Members for the rest of our season. If you would still like to visit, General Admission tickets are available to purchase.

Thank you for your understanding and stay safe.
