

## Conservation

At Niabi Zoo, we are working today to assure a better tomorrow for all living things. We are committed to the conservation of species and habitats locally and globally by establishing and maintaining collaborative efforts with conservation organizations, universities, and Species Survival Plans. The following list of animals cared for at Niabi Zoo have a designated conservation status as indicated by the IUCN Red List of Threatened Species.

### **Critically Endangered Species (7)**

Amur Leopard (*Panthera pardus orientalis*)  
Axolotl (*Ambystoma mexicanum*)
